1/2

- START CLEAR LIQUID DIET
 - o **EXAMPLES:** water, clear fruit juices (pulp-free, no red or purple), soft drinks (no red or purple), strained soups and bouillon, Jell-O (no red or purple), Popsicles (no red or purple), black coffee or tea and Lifesavers (no red or purple).
 - o AVOID ALL SOLID FOODS and alcohol.
- · Continue drinking plenty of clear liquids throughout the evening.

Day of the procedure: ___ \ __ _

- Stop your clear liquid diet 4 hours prior to your procedure time. For your safety, it is very important that you have nothing to eat or drink 4 hours prior to your procedure time.
- One (1) hour prior to check-in time:
 - o Insert 1-enema rectally as directed, hold for as long as possible, then evacuate.
 - o Wait 15 minutes then repeat with the second (2nd) enema.
 - NOTE: If you live out of town arrangements can be made to do the enemas at our facility. Please contact our office and ask for scheduling.

NOTE: Individual responses to laxatives may vary widely. You may experience mild abdominal cramping and expect a number of liquid bowel movements within several hours. You may also experience bloating and nausea. **No** laxative bowel preparation is pleasant. This solution has been developed to make your preparation as simple and effective as possible. Also, remain within easy reach of bathroom facilities once you start the preparation.

"Allergic reactions to the constituents of the bowel cleansing solution are rare.

If you think you are having an adverse reaction, please contact us immediately or go to nearest ER."

GENERAL INFORMATION: Please comply with the following instructions listed below:

- 1) Please contact our office if you have **not** been provided specific instructions regarding holding or continuing medications (i.e. diabetic and/or blood thinner medications).
- 2) Bring all completed forms from your patient procedural packet (if applicable).
